<b>GRACCHUS:</b> [Ware 1884] Lemon stds, Red violet and white striped falls with a lemon border.
<b>LORELEY:</b> [ Goos & Koenemann 1909] stds open, pale yellow, deeper at edges, re-violet falls heavily reticulated white and edged in pale yellow. Deep golden styles and bds. Vigorous.

## RE-BLOOMING IRISES

The following irises have been specially bred to bloom more than once. Some bloom more regularly than others, but given the right conditions will bloom a second time. If the Summer or Autumn is particularly dry then a good soaking will usually trigger a rebloom in these irises. However rebloom cannot be guaranteed.

**TALL BEARDED:**
